DETAILED ACTION

Response to Amendment

1. This office action is in response to Amendment filed on April 07, 2005.
2. Claims 1, 9-10, and 18 have been amended.

Claim Rejections - 35 USC § 112

3. Claims 1-18 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The new matter "automatically initiated" was not properly described in the application.

Response to Arguments

4. In response to applicant's argument regarding claim 20, that the reference fail to show certain feature of applicant's invention, it is noted that the features upon which applicant relies (i.e., "receiving an initial screen from the wireless connection device in order to read exhibition information"). Examiner respectfully disagrees, in Yabuki's reference discloses that the host computer (see fig.1, elements 11, 13, such as wireless connection device) transmits the information to the terminal (see fig.1, element 40) and the terminal (40) received the information from the host computer outputs the information to a display (such as screen) in order to read the information, with this broadest reasonable interpretation, therefor, the previous rejection is sustained.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
